Subject: File for Allocation

Alix, attached is a file of 1,179 local TV stations that should be part of the fee allocation for Dec. 1, 2004 - Dec. 31, 2005. This file does not include the following:

- Stations that are part of the Entravision owned group
- Stations that are now owned by the Univision network
- Stations that have never taken an ASCAP license
- Stations that operated as 100% "pure" satellites of another station and are co-owned
- Any LPTV stations we have licensed

Please be aware that to provide you with this file, we had to do cross-reference queries with data from ASCAP's systems and BIA's database. Specifically, we needed to do a cross-reference match on Call Letters in order to provide you with the FCC Unique Facility ID as well as the BIA Station Code, which is BIA's unique identifier for each record in their database. There were eight stations' call letters that did not match up when comparing our system to BIA. They were:

Station Account No	Letter	FCC City	State
1000014311001	WGMU	Marquette	MI
1000014291001	WMPX	WATERVILLE	ME
1000014751001	WQEX	Pittsburgh	PA
1000012961001	WWTU	Key West	FL
1000001611003	KFWU	Fort Bragg	CA
1000007351001	WPXB	Merrimack	NH
1000003101001	KTGM	Tamuning	GU
1000011911002	WSVI	St. Croix	VI

We reconciled these eight manually. You should also be aware that BIA doesn't maintain station records for VI and Guam, so we had to populate those station records manually as well.

Below is a chart that explains the fields in the attached file. Please let me know if you need any additional explanation.

Col.	Field name	Description
A	Station Account No	ASCAP's Unique Account Number for that station
B	Current Call Letter	Call Letter currently used for station in ASCAP's system
C	Most Recent Old Call Letter	Most Recent Call Letter we have tracked if the call letter has been changed
D	FCC City	FCC City
E	State	State
F	Network	Affiliation as captured in ASCAP's systems
G	Blanket Fee	Most current Blanket Fee for station
H	Type	Current License Type of Station
I	BIAS Market	ADI Market as captured by BIA from Nielsen
J	FCC ID Number	FCC's Unique Identifier for this station
K	Channel	Channel
L	BIA Station Code	BIA's unique identifier for station
M	BIA CALL	Call Letter for station in BIA's database if ASCAP and BIA cross-reference by Call Letters did not match
N	Group Name	Group Owner for station as captured in ASCAP's systems

File for TMLC 10 1 2004.:
